Dear Steve,

The floors look terrific! We are amazed at what a difference it makes in our home.

We couldn't be happier with the workmanship and the service you and your crew provided. From the first day, your guys were on time, professional and friendly. They made us feel comfortable by explaining the process and what to expect.

Please feel free to use us as a reference in the future. We will definitely recommend your company to our friends. Thanks again!

Sincerely,
